

Using Text Editing Macros

To record a text editing macro, select **Tools > Text Editing Macros > Record Macro** or press **Alt+[**. To stop recording, select **Tools > Text Editing Macros > Stop Recording Macro** or press **Alt+]**.

Note: The macro recorder does not support code completion.

To play the last macro, select **Tools > Text Editing Macros > Play Last Macro** or press **Alt+R**.

To save the last macro, select **Tools > Text Editing Macros > Save Last Macro**.

To assign a keyboard shortcut to a text editing macro, select **Edit > Preferences > Environment > Keyboard**. For more information, see [Configuring Keyboard Shortcuts](#).

You can also use the `rm` locator filter to run a macro. For more information, see [Searching with the Locator](#).

To view and remove saved macros, select **Edit > Preferences > Text Editor > Macros**.
